

## Swift Beverage Series

**Series:** SWIFT BEVERAGE  
**USD Price:** Contact Aquafine

### Designed as a cost-effective, high performance system for maximum water confidence

The SwiftBeverage Series offers validated UV for beverage disinfection that exceeds FDA and USEPA compliance requirements. This proven protection safeguards against virtually all microorganisms, including Cryptosporidium, Giardia and Adenovirus, proving greater safety and peace of mind.

Featuring the industry’s most advanced low-pressure, high-output (LPHO) amalgam lamp technology, the SwiftBeverage series consists of a 316L stainless steel treatment chamber and a NEMA-3R stainless steel control cabinet featuring a microprocessor-based controller.

The compact size maximizes installation flexibility and preserves floor space with the ability to mount in line, horizontally or vertically and complies with stringent NSF 61 standard.

**MARKETS:** Food & Beverage, Pharmaceutical

**APPLICATIONS:** Bioassay Validated Disinfection

#### Proven performance – full bioassay validation (USEPA)

186 mJ/cm<sup>2</sup> UV doses meets the stringent, internationally recognized USEPA standard – having undergone comprehensive validation at a wide range of flow rates and

UV transmittance levels.

#### Assurance of NSF 61 compliance.

NSF/ANSI 61: Drinking Water System Components – Health Effects ensure the raw materials are safe and have been properly tested against radionuclides and other naturally occurring volatile organic compounds.

#### Low operation and maintenance cost

Low pressure high output Amalgam lamps save up to 62% power cost and request much lower maintenance.

#### Compact footprint for installation flexibility

Can handle maximum flow capacity in minimal space. Its compact design allows it to be installed vertically or horizontally in restrictive spaces, thereby lowering installation costs.

#### Guaranteed performance and comprehensive warranty

Our systems include a Lifetime Performance Guarantee<Footnote>\* Life Time Performance Warranty will only applicable with the use of genuine OEM replacement parts.<Footnote>

and comprehensive protection for your investment.
